

# Switch

## Data Center Networks

Turnkey Solution for Data Center and Cloud Networks

### Product Highlights

- High Density, Reliability, Scalability
- EVPN+VXLAN, M-LAG, IPv4/IPv6
- Dual Protocol Stack Switching
- Hot Swappable Fans & 1+1 Redundant Power Supplies
- Backplane up to 25.6Tbps
- 400G/100G/40G/25G/10G for Flexible Deployment in Multiple Scenarios
- Each 100G Port can be Configured 40G as well as 4x25G or 4x10G via Breakout Cables

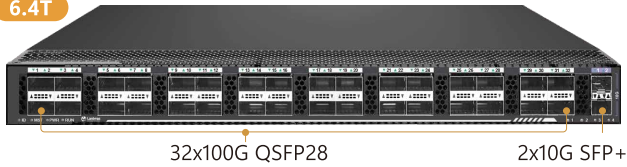

Utilizing Diverse Platforms and Operating Systems for Tailored Solutions.

## Broadcom Series
