

Solar IoT Cabinet

UPS No-Break Solar Power Solution for Smart City

1.7" Industrial-grade Full-color OLED

A

Modular Design for Flexibility and Scalability

F

Deliver 12/24/48V Voltages for Different PD

B

Adopt Online MPPT Automatic Tracking Charging Technology

G

Reverse Connection Protection for 36/24/12/9/5V Output

C

Multiple Safety Protection against Burnout

H

Support Ternary Lithium/LiFePO4/Lead-acid Batteries

D

RS-485 for Customized Platform and Seamless Communication

I

Switch among Different Power Sources: Main Power/Solar/Batteries

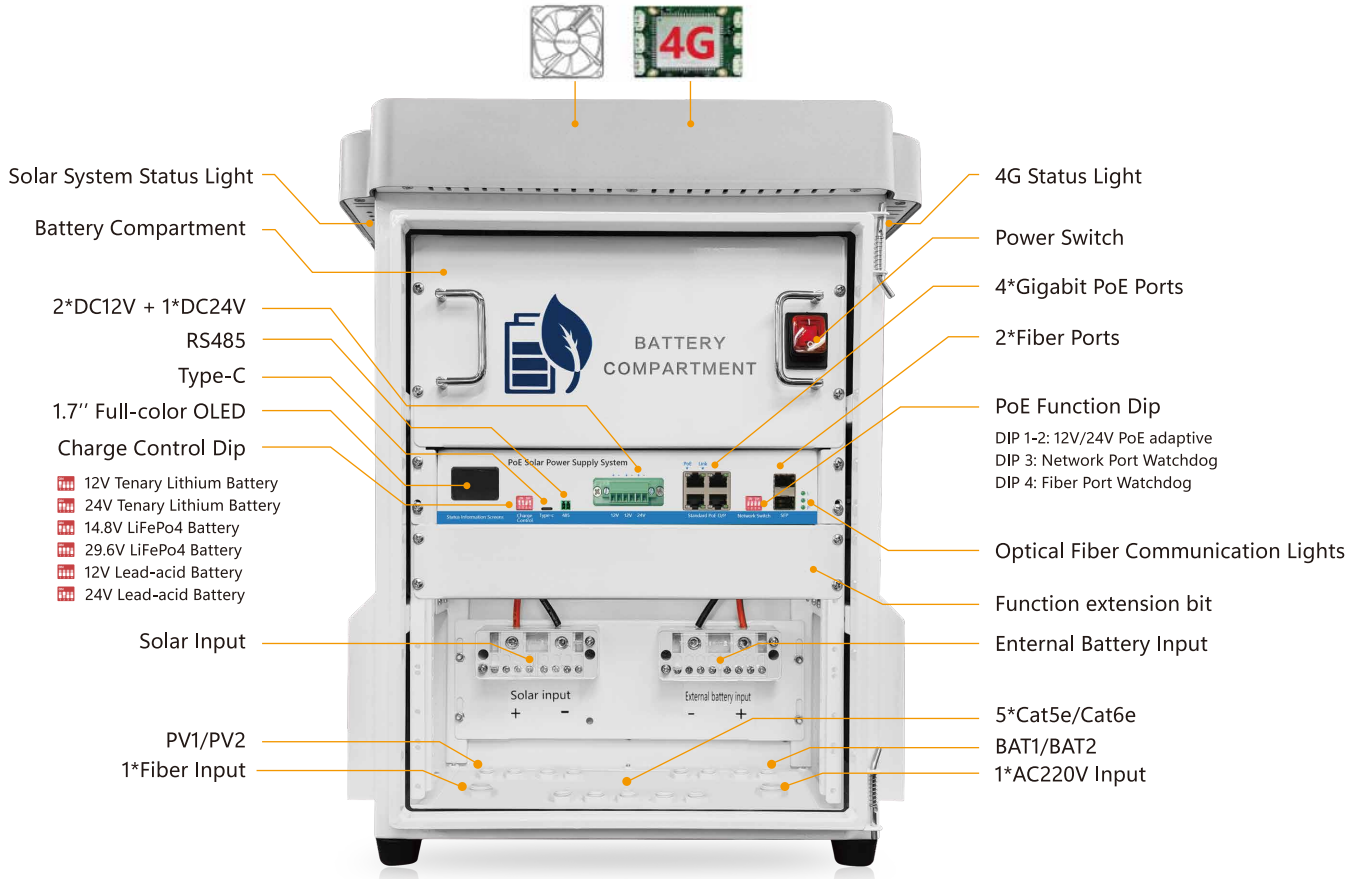

E

Optional 4G/5G/WiFi/GPS Connectivity

J

High Lights

Modular Design for Flexible Extension

Application
